

BHS Summer School 2020

May 26 – June 24, 2020

Summer school offers a wonderful opportunity to earn high school credit. This year BHS summer school offers Health and Personal Finance, and the opportunity to recover credit failed in a core academic subject. Because of class size limitations, priority will be given to upperclassmen for credit recovery. Classes fill up very quickly, so we have a first come first serve policy with applications. **Applications will be accepted at BHS Counseling Office starting March 9th at 7:00am (no earlier). The deadline for this application is April 3rd, 2020.**

- **Hours:** 8:00-12:00
- **First Day:** Students should report directly to the classroom on the first day of school. There will be staff at the front doors to direct students to classrooms.
- **Attendance:** Summer school classes are concentrated and cover information quickly. Vacations and appointments should not be scheduled during class time. **Due to state regulations, a student is expected to attend 15 days (60 hours) of summer school in order to earn credit.** Four make up days (June 18, 22, 23, 24) are scheduled at the end of summer school, but students that have attended all 60 hours (15 days) do not have to attend the make-up days. **Excessive tardiness will count as an absence.**
- **Make-up Days:** Four make-up days are scheduled (**June 18, 22, 23, 24**) allowing a student to attend a week long camp, provided there are no other absences. Any student planning to attend a camp during summer school must notify the school office and classroom teacher at the beginning of summer school so make-up arrangements can be made. The summer school calendar is on the back of this form.
- **Transportation:** There is **no bus transportation for summer school.** It is the student's responsibility to arrange transportation. **Please make sure students are picked up promptly at the end of the class session.**
- IEP services, including accommodations, **will not be provided to special education students during summer school.** This includes, but is not limited to, having tests and assignments modified or read to the student or providing small group or individual assistance to the student.

Summer Courses

Health (grades 9-12)

½ unit of Health credit

This class is designed to meet the needs of the high school student in the areas of mental, emotional, and physical well-being and safety. The course includes an emphasis on healthy life styles and prevention of substance abuse, at-risk sexual behavior, STD's, AIDS, communicable diseases and pregnancy. Other topics include: nutrition, decision-making, health careers, injury prevention and wellness. **Required for graduation.**

Personal Finance – High School Credit Only (grades 10-12)

½ unit of Personal Finance credit

This class covers the topics of income, money management, spending and credit, and savings and investing. The course is designed to teach the student to become a fiscally responsible adult. **Required for graduation**

Prerequisite: sophomore, junior, senior standing

Personal Finance for Dual Credit (grades 10 – 12) **½ unit of Personal Finance credit; 3 SFCC credit hours**

This course is designed to teach the student to manage personal income. Students will become familiar with the techniques necessary to make choices when considering major purchases, insurance, borrowing and other personal finance issues. Topics covered include time value calculations, budgeting, tax planning, banking, insurance, home buying, consumer credit and money management, investment planning, and investment decision making.
